WHAT YOUR COLLEAGUES SAY ABOUT THE REVIEW...

“I attended the Excell review classes and passed. I found that NCLEX is really not an easy test. I have never taken an exam that I had to put my heart and mind on, until the NCLEX-RN. The questions were really difficult, but I was armed with the concepts and techniques that I got from my review with Excell. That was enough for me to pass. Thank you very much! More power to Excell!” - B.E.

“I enrolled in several reviews and did well in their tests but it was not enough to pass NCLEX-RN. With Excell, the instructors taught us how to think, and that made the difference.” - R.A.

“I took the NCLEX-LPN exam. It was such a nice feeling when I found out that I passed something that I've been wanting to accomplish for the longest time.” - G.S.

“I was ready to give up until an acquaintance encouraged me to attend the Excell review class. I passed the RN exam. Attending Excell was the best thing I've ever done.” - H.G.

“Excell has been given a gift of transforming so many lives. You made our dreams of becoming a nurse a reality. I can't believe I passed the NCLEX-RN exam that I had to check the results over and over again. Thank you for all the inspiration and encouragement.” - K.C.

“Excell Review has done it again. The instructors are the best reviewers, direct to the point and very specific. I am going to spread the word to my colleagues that if they want to pass the NCLEX-RN, they should enroll in Excell.” - J.F.

“I've been very fortunate to be one of the students of Excell. Their guidance and lively and comprehensive lectures helped me pass my NCLEX-RN. Eight of my friends who attended also passed. Thank you Excell for such an extensive review and for sharing with us your expertise. You have made our paths brighter.” - M.M.

WHY Excell Nursing Review

- In-depth and comprehensive coverage of nursing concepts**
With Excell you will get a free comprehensive, systematic and organized review materials. This saves you time and efforts putting them together on your own. You will be able to answer "**Select all that apply**" questions with ease and confidence. You will find that difficult concepts are made easy and you'll learn the A-Z guide in passing your test.
- Prioritization and Delegation**
These much needed skills in clinical practice are highly tested in NCLEX. They are well-covered from day one and throughout the review course.
- Lab works and lab values** are presented in meaningful ways as they relate to disease conditions simulating NCLEX.
- Drugs in Generic names** are covered in an organized way and discussed in relation to disease conditions where they are prescribed.
- Infection control**, an important component of safety is well-covered and updated based on current standards of practice.
- NCLEX practice questions and self-assessment test** would help you assess your readiness to take and pass your test.
- Test-taking skills and confidence-building strategies** are integrated from day one until the end of the review course.

Together, we will help you achieve your dream of a lifetime-that of becoming an RN, LVN/LPN.
